

A reinvented web3 ecosystem

# About

Reflex wants to completely revolutionize the world of online social networks.

Everything you post on the internet has a monetary value and we want to share it with you.

# Video Presentation

Watch this short video about the Reflex Token project.

[WATCH NOW](#)

# Powered by Ethereum (ERC20)

## Technology

Think of Ethereum like the internet and our Token as a website that runs in it.

## Decentralization

RFX is a decentralized cryptocurrency on the Ethereum Blockchain.

## dApps

Completely safe and easily tradable on many Exchanges, Wallets and dApps.  
[\\$RFX is listed on Uniswap.](#)
